

## Governance

A Board of Directors/School Board governs Rochester STEM Academy. The responsibilities of the School Board were designed and adopted to meet the requirements set forth by The Minnesota Department of Education. School Board Elections were held in May of 2020. RSTEM certified its board election in June 2020 and two Board members were re-elected at that time. As of the November, 2020 meeting, the Rochester STEM Academy Board was reconstituted without any conflicts of interest as follows:

<b>Rochester STEM Academy Board Members</b>
